

NATIONAL KIDSAFE DAY 2016 TUESDAY, 25 OCTOBER

Safe Cross Code:

STOP - LOOK - LISTEN - THINK

Children need assistance dealing with the traffic environment until at least the age of 10 as they are not equipped physically or developmentally to make the crucial decisions to keep them safe. Like learning to drive a car, children need practise and experience to walk in the traffic environment.

Alongside the benefits of learning road safety, it is great chance to spend time with your family and good exercise!!

Children are vulnerable road users. Anywhere where there is a potential for moving vehicles is a potentially dangerous traffic situation for children. This includes residential areas, car- parks, at traffic lights, along footpaths, pedestrian and other crossings, driveways, quiet streets, and busy streets.

Follow the Safe Cross Code:

- STOP one step back from the kerb, or shoulder of the road if there is not footpath.
- LOOK in all directions for approaching traffic.
- LISTEN in all directions for approaching traffic
- THINK about whether it is safe to cross the road when the road is clear or all traffic has stopped.

When crossing, walk straight across the road. Keep LOOKING and LISTENING for traffic while crossing.
